

SCIENTIFIC PROGRAMME

INTERVENTIONAL CARDIOLOGY SUMMIT 2007

March 17th - 18th 2007 ■ Hotel Intercontinental, Goa

INDIA INTERNATIONAL FORUM OF CARDIOLOGY

INTERVENTIONAL CARDIOLOGY SUMMIT - 2007

Invitation

Dear Colleagues,

Welcome to the Interventional Cardiology Summit 2007 to be held in Goa on the 17th and 18th of March 2007.

Interventional Cardiology keeps fascinating most of us and there is always plenty to learn and debate about. We have an outstanding faculty from abroad including the likes of William O'Neill, Antonio Colombo, Cindy Grines, Tim Schreiber, Nishit Choksi, and Kirit Patel.

The Indian faculty is also well experienced and topics such as Stent Thrombosis, Angioplasty following Thrombolysis, debate on Bare Metal v/s Drug Eluting Stents, Left Main Angioplasty, Bifurcations and many such issues would be covered. There will also be Live Case Demonstrations and CD Presentations.

Your Presence in Goa will surely enhance the quality of the Meeting.

Looking forward to meeting you soon.
